1. Three large wooden UDB barracks are located in Sarajevo at the old Cengic Villa training grounds above the intersection of the highways leading to Ilidza and the Rajlovac Airport. Two of the barracks were completed in the latter part of July 1950 and were shortly afterwards stocked with UDB equipment. The third (No. 1 on sketch) was at the time still under construction. One of the barracks (No. 2 on sketch) has a concrete floor and a corrugated iron roof, while the other two barracks have wooden floors.
2. Two munitions depots dug out of a rock are situated at Bendbasi (sic), near Sarajevo, at the foot of Jekovac Hill, facing the public baths on the Miljacka River. The depots contain large quantities of various munitions and are well guarded. The doors are of steel.
3. Sketches of the UDB stores and the Bendbasi Munitions Depots are attached.
